Statement of Educational and Career Goals

Growing up in a small town, there were never very many opportunities for me to express myself the way I desired to. I was always limited with my passions and I thought most of my whole life that the only job opportunities I had were ones that required me to stay put in my little town. That was until I discovered I had a passion for art. My name is Edgar Magallanes and I'm from the small town of West Wendover.

Ever since I was a kid, I've wanted to become an elementary school teacher. I wanted the ability to inspire young kids in the creative field and give them an outlet to express themselves through art. I have had my fair share of teaching what I know to my fellow classmates and I enjoy it every time. I enjoy teaching them everything I know about art but it doesn't stop there! I also love working through problems that involve math or even science.

When it comes to my education, my goal is to receive my bachelors degree in art education. Getting this degree will help me achieve my goals of becoming the very teacher that I've always wanted to be. It will also allow me to provide students with a safe and stress free learning environment.

To Whom It May Concern,

It is with great pleasure that I recommend Edgar Magallanes for your generous scholarship. Edgar has been a student of mine throughout middle and high school, and has consistently been one of the most dedicated, focused and enthusiastic students I have had the honor to teach. As an art student, Edgar has proven himself to be highly creative, naturally artistic, and an excellent craftsman with any art media.

Academically, Edgar is a high achiever and has consistently earned gold honor roll awards throughout his freshman, junior, and senior years in high school. Edgar sets high bars for himself and works hard, not to get over the bars, but instead to soar over the bars. Edgar has also earned awards for FCCLA two years in a row in both interior design and food innovation/food science. In addition, Edgar is the current president of SkillsUSA, and the historian of both the FCCLA and FBLA.

Finally, and on a more personal note, Edgar is a genuinely good and caring person. He will go the extra mile for anyone who asks, and he cares deeply about his friends, teachers, and his community. Edgar has always shown respect, honesty and integrity in everything that he does. I have no doubt that Edgar will honor the scholarship award by making the most of his continuing education experience, and Edgar will most assuredly be successful in whatever career he chooses to pursue.

Thank you for your time and consideration of Edgar Magallanes for this generous scholarship award.

Sincerely,

Ms. Jodi Schulz
